ELEGANCE · QUALITY · CHOICE

Classic Furniture Crafted Your Way

HOW TO CREATE THE PERFECT FIT

If you appreciate quality classic furniture craftsmanship and want the flexibility to create your own custom piece of furniture, look no further than Era House.

We help architects and interior designers to make their client's vision come to life through our classic Gustavian and neoclassical inspired furniture which is fully customisable.

Our manufacturers only buy the highest quality raw materials. From wood to glue and other finishing materials, are of the highest standard. Our wood is mainly First Class Certified Mahogany from sustainable plantations.

All fittings and locks are made from brass. Drawers have metal rails which are designed to be smooth and durable for everyday use.

2

CHOOSE YOUR COLOUR

With over 1,950 colours in the NCS colour palette to choose from, you really can bring your dream furniture design to life.

Some of our most popular colours include Antique White, Charcoal, Deep Blue Sea, Antique Black and Warm White. You can also choose from a range of matte, satin, gloss, streaked or distressed finishes to really make your furniture stand out or fit in.

1

CHOOSE YOUR PIECE

Gustavian furniture is a timeless and versatile style of furniture that can give any room that sophisticated feel. There are several style choices when it comes to our pieces and each is completely customisable. No matter what your interior design vision is, our style of furniture can be made to match it.

If you need to match your piece to an existing colour scheme, Era House can assist in finding the closest colour match from the NCS colour palette to ensure complete continuity throughout your space.

3 CHOOSE YOUR FABRIC

Fabrics can really bring a piece of furniture to life. Many custom furniture stores offer limited fabric choices, but not Era House.

Once you've decided on what style and colour of fabric you want for your furniture, you can either source and supply the fabric to us, or we can buy it from a fabric house on your behalf.

Your choice of fabric is the final piece of the puzzle which will bring your vision to life.

ONE PIECE. ENDLESS POSSIBILITIES.

All Era House Furniture can be painted in almost any colour finish you would ever need. We proudly make use of the NCS colour palette which consists of 1950 colours.

Our paint colours are water-based and are free from lead and other harmful chemicals. They are thus not only safe for humans but also the environment.

Additionally, we also have metallic colours available. Finishes can also include a streaked finish as well as distress options.
